Dear parents,

Asalam o Aleikum Wa Rahmatullahe Wa Barakatohu,

We hope you and your family are safe and healthy as you read this message. We thank you for your patience and understanding as we have been adjusting with our traditional teaching practices due to the drastic changes in life caused by the rapid outbreak of COVID-19. It is a critical component of school management, to promote the continuation of teaching and learning despite circumstances that interrupt normal schooling practices.

We would like to update you on the steps taken by NPS in promoting the continuation of education in the prolonged school closure. It will help our students to build their cognitive domain to 21st-century skills.

In addition to the home assignments, **we are pleased to introduce online classes, starting this month**, through an e-learning platform, which will enable teachers to conduct classes, share content, distribute quizzes, assignments under a proper timetable and manage communication with student, parents and colleagues.

The platform is selected considering its easy access through any smart device for the provision of learning materials to fulfil the requirement of pedagogical (academic) activities supporting National Curriculum.

Attendance will be mandatory for this distance learning program. All the quizzes, tests and assignments will be marked. We will share details about how to join online classes soon. We will also send your child's new class timetable and exact schedule. We will try our best to manage timetable according to the age groups to enable all students (including those with siblings) to get easy access to computer/laptop/smartphones.

As these are challenging time for all of us, let's work together to maximize student's learning through multi approach models.

We appreciate our students, parents, teachers, staff, and administrators for their positivity, flexibility and resilience during this pandemic.

Stay home, stay safe and stay productive.
